Loftware Cloud

Edition comparison sheet

	LW Cloud Designer 1–10 printers	**LW Cloud Essentials** 2–20 printers	**LW Cloud Business** 3+ printers	**LW Cloud Compliance** 3+ printers
Label designer	✓	✓	✓	✓
Application builder		✓	✓	✓
Secure cloud storage for labels	1 GB	1 GB	5 GB	5 GB
Print history		3 months	1 year	12 years
Quality assurance		+ One default approval workflow + Role-based access	+ Approval workflows + Role-based access + Change and transport system	+ Approval workflows + Role-based access + Change and transport system + Development, QA, and production environment
Environments	1–Production	1–Production	1–Production Additional environments available.	3–Development, QA, and production environment. Additional environments available.
Document management		+ Document storage space (1GB)	Organizational users (AD integration & OpenID Connect)	Organizational users (AD integration & OpenID Connect)
Web printing		✓	✓	✓
Cloud-enabled IoT printers (driverless printing)			✓	✓
System validation				+ Validation acceleration pack + Test reports for every release + Yearly compliance release schedule + Included 3-months testing period
System integration		Simple one-way data integration with on-premise business systems	+ Integration with cloud business systems + Integration with on-premise business systems + Data synchronization	+ Integration with cloud business systems + Integration with on-premise business systems + Data synchronization
Data connectivity	Excel, Access, SQL Server, Text Files, Oracle, MySQL, OLEDB, ODBC, Google Sheets, Excel (OneDrive)	Excel, Access, SQL Server, Text Files, Oracle, MySQL, OLEDB, ODBC, Google Sheets, Excel (OneDrive)	Excel, Access, SQL Server, Text Files, Oracle, MySQL, OLEDB, ODBC, Google Sheets, Excel (OneDrive), Cloud Based APIs	Excel, Access, SQL Server, Text Files, Oracle, MySQL, OLEDB, ODBC, Google Sheets, Excel (OneDrive), Cloud Based APIs

	LW Cloud Designer 1–10 printers	**LW Cloud Essentials** 2–20 printers	**LW Cloud Business** 3+ printers	**LW Cloud Compliance** 3+ printers
Included data storage			Cloud SQL Database 5 GB	Cloud SQL Database 5 GB
Support	Basic + Email only	Basic (Standard available) + Email & phone during regional office hours	Standard (Premium available) + Priority email & phone during regional office hours	Standard (Premium available) + Priority email & phone during regional office hours
Additional options		+ SQL cloud database (1GB) + Extended print history (1 year) + Standard support + Loftware Academy	+ SQL Cloud Database (100, 250 GB) + Extended print history (5 years) + Cloud automation service + Additional API throughput + Hybrid deployment + Out-of-the-box SAP integration + Out-of-the-box Oracle integration + Additional sandbox environment + Platinum support + Loftware Academy	+ SQL Cloud Database (100, 250 GB) + Extended print history (12 years) + Cloud automation service + Additional API throughput + Hybrid deployment + Out-of-the-box SAP integration + Out-of-the-box Oracle integration + Additional sandbox environment + Platinum support + Loftware Academy

Loftware is the global leader in cloud-based labeling and artwork management solutions, helping businesses improve accuracy, traceability, and compliance while enhancing speed and efficiency. With a presence across six countries and a network of over 500 industry experts and 1,000 partners, Loftware enables companies to meet evolving customer and regulatory requirements. Our solutions support global supply chains, printing over 51 billion labels annually and saving businesses over $200 million in fines each year. Trusted by industries from pharmaceuticals to automotive, Loftware empowers organizations to drive digital transformation and ensure brand integrity. Learn more at **Loftware.com**
