Checking the LED Status

EA660/EA530 Series Power Status

1. 5-Slot Terminal Charging Cradle

Power LED	Description
Solid Green	Cradle Power On
Off	Cradle Power Off

2. 5-Slot Ethernet Cradle

Power LED	Description
Solid Green	Cradle Power On
Off	Cradle Power Off
Ethernet Status LED	Description
Solid Red	Terminal Connected
Flashing Blue	Ethernet Data Connecting

Note:

When the EA660/EA530 is inserted into the cradle, the front LED indicator remains unchanged. The charging status of the device is shown on the device itself.

► Getting Started

Before using the cradle, ensure that the correct detachable cover is installed for the device model.

Device	Detachable Cover
EA660	
EA530 Series	

Two Options for Charging the EA660/EA530 Series

1. Charge the device directly with or without a hand strap.

2. **Remove** the detachable cover before charging the device with a **boot case or gun grip**.

CAUTION!

To ensure proper operation, keep all connectors free from contaminants such as dust, grease, mud, and water. Contamination may cause communication failure, short circuits, or overheating. If a connector is damaged, ensure it is fully repaired before using the unit to avoid a short circuit.

DO charge between 20% and 80% to protect your battery.
Avoid full discharges (0%) or continuous charging at 100% to reduce stress on the battery.

► How to Remove the Detachable Cover

Press both sides of the detachable cover inward until you hear a **CLICK**, then lift the cover out of the cradle.

► How to Install the Detachable Cover

Insert the detachable cover into the cradle until you hear a **CLICK**.

► Connecting the Power Supply

We recommend using the 12 V / 5 A power supply provided in the package. Connect the power supply to the DC port of the cradle, then connect the power cord to an AC power outlet.

WARNING!

There is a risk of fire and burns if the battery is handled improperly. **DO NOT** disassemble, crush, puncture, short external contacts, or dispose of the battery pack in fire or water. **DO NOT** attempt to open or service the battery. Dispose of used batteries according to local recycling guidelines in your area.
