► Package

Please make sure the following contents are in the Docking Station gift box. If something is missing or damaged, please contact your Unitech representative.

► The Package Contents

- Docking Station
(with “EA660” / “EA660-B” Detachable Part)
- 5V / 6A Power Supply

► Accessories

- 3 Pins Power Cord (US / EU / UK)

► Getting Started

There are two options for the detachable part:

A. “EA660” Detachable Part

B. “EA660-B” Detachable Part

► How to Remove the Detachable Part

Grab both ends of the detachable part, push them inward, then pull it upward to remove.

► How to Install the Detachable Part

Insert the detachable part into the cradle until you hear a “CLICK” sound.

► Set Up and Charge the Device with the Docking Station

A. Use “EA660 Detachable Part”

Charge EA660/EA530 with or without hand strap.

B. Use “EA660-B Detachable Part”

- i. EA660/EA530 with boot case & hand strap (or without hand strap)
- ii. EA660/EA530 with gun grip

► DisplayLink App Setup

EA660	EA530
<div>1. Download and install the DisplayLink APK from the product page. https://www.ute.com/en/products/detail/EA660</div> <div>2. Insert the EA660 into the Docking Station and tap OK to start screen mirroring on a larger display.</div> <div><div>Open DisplayLink Desktop (OEM) to handle EA630P HDMI...</div><div>This app has not been granted record permission but could capture audio through this USB device. Using DisplayLink Desktop (OEM) with this device might prevent hearing calls, notifications and alarms.</div><div>Cancel OK</div></div>	<div>Insert the EA530 into the Docking Station directly to start screen mirroring on a larger display. (DisplayLink APK is built-in)</div> <div></div>

Power LED of Cradle

LED Status	Description
Green LED	Cradle Power On
LED Off	Cradle Power Off

Note: The power status of the EA660/EA530 is on itself.

For desktop mode, scan the QR code below with StageGO before docking the EA660 or EA530.

For EA660

For EA530

Note: Please ensure the docking station is connected to power and HDMI before inserting the device.

CAUTION!

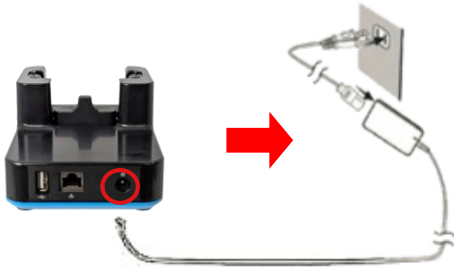

To ensure the unit working properly, please keep all connectors away from the contaminants such as dust, grease, mud, and water. Negligence may cause the unit to lose communication, short circuit, or overheated. If the connector is damaged, please ensure the connector is fully repaired before using the unit to avoid short circuiting.

DO charge between 20% and 80% to protect your battery.

Avoid full discharges (<0%) or charging all the time (always 100%) to reduce stress on the battery.

► Charging the EA660/EA530

We highly recommend using the adapter provided in the Docking Station package.

WARNING!

There is a risk of fire and burns if the cradle is used improperly. **DO NOT** disassemble, crush, puncture, short external contacts, or dispose the cradle in fire or water.
